IVF WITH OWN OOCYTES		Price
<b>IVF cycle with own oocytes</b>	Consultation, treatment protocol, stimulation, ultrasound check-ups, egg retrieval, sperm analysis and preparation, ICSI, extended cultivation, embryo transfer (cryopreservation of embryos, STDs and general anesthesia are not included)	<b>2 650 €</b>
<b>IVF cycle without embryo transfer and freezing</b>	Consultation, treatment protocol, stimulation, ultrasound check-ups, egg retrieval, sperm analysis and preparation (ICSI, extended cultivation, STDs and general anesthesia are not included)	<b>1 200 €</b>
<b>IVF cycle without oocytes suitable for fertilization</b>	Consultation, treatment protocol, stimulation, ultrasound check-ups, egg retrieval (STDs and general anesthesia are not included)	<b>720 €</b>
<b>IVF with own frozen oocytes</b>	Thawing of oocytes, sperm analysis and preparation, embryo transfer (ICSI, extended cultivation, cryopreservation of embryos and STDs are not included)	<b>1 750 €</b>
<b>General anesthesia</b>		<b>150 €</b>
<b>STD</b>	Sexually Transmitted Diseases testing	<b>100 €</b>
<b>Extra Laboratory Services</b>	<b>Intracytoplasmic Sperm Injection (ICSI):</b> Up to 12 oocytes	<b>470 €</b>
	<b>Intracytoplasmic Sperm Injection (ICSI):</b> All other oocytes	<b>230 €</b>
	<b>Extended cultivation:</b> Cultivation of embryos beyond 48 hours	<b>310 €</b>
	<b>Continuous monitoring of embryo development (TimeLapse):</b> Up to 16 embryos	<b>300 €</b>
	<b>EmbryoGlue:</b> Medium that supports implantation of the embryo	<b>310 €</b>
	<b>Cryopreservation of embryos:</b> 1-2 embryos + 1 year storage	<b>350 €</b>
	<b>Cryopreservation of embryos:</b> Each additional embryo	<b>100 €</b>
	Frozen embryo storage for 1 year	<b>150 €</b>

MINIMAL STIMULATION		Price
<b>Minimal stimulation IVF</b>	Consultation, treatment protocol, stimulation, ultrasound check-ups, egg retrieval, sperm analysis and preparation, embryo transfer (ICSI, extended cultivation, cryopreservation of embryos, STDs and general anesthesia are not included)	<b>1 550 €</b>
<b>Minimal stimulation without embryo transfer and freezing</b>	Consultation, treatment protocol, stimulation, ultrasound check-ups, egg retrieval, sperm analysis and preparation (ICSI, extended cultivation, STDs and general anesthesia are not included)	<b>830 €</b>
<b>Minimal stimulation without oocytes suitable for fertilization</b>	Consultation, treatment protocol, stimulation, ultrasound check-ups, egg retrieval (STDs and general anesthesia are not included)	<b>720 €</b>
<b>General anesthesia</b>		<b>150 €</b>
<b>STD</b>	Sexually Transmitted Diseases testing	<b>100 €</b>
<b>Extra Laboratory Services</b>	<b>Intracytoplasmic Sperm Injection (ICSI):</b> One oocyte	<b>105 €</b>
	<b>Extended cultivation (EC):</b> Cultivation of embryos beyond 48 hours	<b>310 €</b>
	<b>Continuous monitoring of embryo development (TimeLapse):</b> Up to 16 embryos	<b>300 €</b>
	<b>EmbryoGlue:</b> Medium that supports implantation of the embryo	<b>310 €</b>
	<b>Cryopreservation of embryos:</b> 1–2 embryos + 1 year storage	<b>350 €</b>
	<b>Cryopreservation of embryos:</b> Each additional embryo	<b>100 €</b>
	Frozen embryo storage for 1 year	<b>150 €</b>

NATIVE CYCLE		Price
<b>Native cycle IVF</b>	Consultation, treatment protocol, ultrasound check-ups, egg retrieval, sperm analysis and preparation, embryo transfer (ICSI, extended cultivation, cryopreservation of embryos, STDs and general anesthesia are not included)	<b>1 100 €</b>
<b>Native cycle without embryo transfer and freezing</b>	Consultation, treatment protocol, ultrasound check-ups, egg retrieval, sperm analysis and preparation (ICSI, extended cultivation, STDs and general anesthesia are not included)	<b>830 €</b>
<b>Native cycle without oocytes suitable for fertilization</b>	Consultation, treatment protocol, ultrasound check-ups, egg retrieval (STDs and general anesthesia are not included)	<b>720 €</b>
<b>General anesthesia</b>		<b>150 €</b>
<b>STD</b>	Sexually Transmitted Diseases testing	<b>100 €</b>
<b>Extra Laboratory Services</b>	<b>Intracytoplasmic Sperm Injection (ICSI):</b> One oocyte	<b>105 €</b>
	<b>Extended cultivation (EC):</b> Cultivation of embryos beyond 48 hours	<b>310 €</b>
	<b>Continuous monitoring of embryo development (TimeLapse):</b> Up to 16 embryos	<b>300 €</b>
	<b>EmbryoGlue:</b> Medium that supports implantation of the embryo	<b>310 €</b>
	<b>Cryopreservation of embryos:</b> 1–2 embryos + 1 year storage	<b>350 €</b>
	<b>Cryopreservation of embryos:</b> Each additional embryo	<b>100 €</b>
	Frozen embryo storage for 1 year	<b>150 €</b>

DONATED OOCYTES		Price
IVF cycle with donated oocytes	Consultation, treatment protocol, male partner's STD testing, sperm analysis, donor's stimulating medications, monitoring and compensation, ultrasound check-ups, donor's egg retrieval, ICSI, extended cultivation, embryo transfer (cryopreservation of embryos is not included)	4 990 €
Extra Laboratory Services	Continuous monitoring of embryo development (TimeLapse): Up to 16 embryos	300 €
	EmbryoGlue: Medium that supports implantation of the embryo	310 €
	Cryopreservation of embryos: 1-2 embryos + 1 year storage	350 €
	Cryopreservation of embryos: Each additional embryo	100 €
	Frozen embryo storage for 1 year	150 €

DONATED EMBRYOS		Price
Frozen donor embryo transfer	1 donor embryo	1 600 €
	2 donor embryos	2 575 €
	1 donor embryo after genetic testing	2 270 €
	2 donor embryos after genetic testing	3 600 €

SOCIAL FREEZING		Price
Oocyte collection and freezing	Consultation, treatment protocol, stimulation, ultrasound check-ups, egg retrieval, cryopreservation of the oocytes (STD and general anesthesia are not included)	1 750 €
Cryopreservation of sperm	Maximum of 6 straws (STD and sperm analysis are not included)	210 €
General anesthesia		150 €
STD	Sexually Transmitted Diseases testing	100 €
Extra Laboratory Services	Frozen oocytes / sperm storage for 1 year	150 €

FROZEN EMBRYO TRANSFER		Price
Frozen embryo transfer		670 €

INTRAUTERINE INSEMINATION		Price
Intrauterine insemination (IUI)		330 €

# PRICE LIST

ANDROLOGY		Price
Sperm analysis	SPG	55 €
STD	Sexually Transmitted Diseases testing	100 €
Cryopreservation of sperm for following treatment	Cryopreservation of sperm within working hours (STD, sperm analysis and storage are not included)	210 €
	Cryopreservation of sperm during the weekend (STD, sperm analysis and storage are not included)	420 €
	Frozen sperm storage for 1 year	150 €
Donor sperm		350 €
TESE/MESA	Testicular sperm extraction (does not include general anesthesia)	930 €
Sperm selection before oocyte fertilization	Magnetic-Activated Cell Sorting (MACS)	320 €
	Microfluidic Sperm Sorting (MFSS)	320 €
Sperm motility stimulation	Medium for stimulation of immobile sperm before fertilization	170 €
DNA fragmentation	DNA damage assessment in spermatozoa	170 €

GENETIC TESTING OF EMBRYOS (PGT)		Price
PGT of aneuploidy (PGT-A) and structural chromosomal abnormalities (PGT-SR) with NGS	PGT examination of aneuploidy in single embryo	400 €
PGT-M using karyomapping (incl. PGT-A)	Preparation for karyomapping	1 600 €
	Genetic examination of a single embryo	400 €
Biopsy		500 €
Genetic testing of frozen embryo	Thawing of 1-2 embryos, biopsy for PGT, recryoconservation of embryo(s)	650 €
	Thawing of each additional embryo, biopsy for PGT, recryoconservation of the embryo	325 €
DNA amplification in a single embryo		50 €

# PRICE LIST

GENETICS AND IMMUNOLOGY		Price
Karyotype examination from peripheral blood		200 €
Preconception genetic testing - Carrier test	One partner	480 €
	Both partners	880 €
Genetic consultation		150 €
Immunological testing	Infertility panel	290 €
	Sterility panel	285 €

GYNAECOLOGY		Price
Hysteroscopy	Does not include general anesthesia	850 €
Hysterosalpingo-foam sonography	Hy-Fo-Sy Exam Foam	250 €
Ultrasound check-up		25 €
Preventive gynaecological examination		85 €

OTHER		Price
Cell transport administration fee		150 €
GERT (Gennet Endometrial Receptivity Test)		450 €
Blood type test		16 €
Determination of ovarian reserve	AMH (Anti-Müllerian Hormone)	30 €
Hormonal profile testing		35 €
Application of intralipids		52 €
General anesthesia		150 €
